

Master of Accounting Program

The Master of Accounting Program (MAcc) at Georgia Southern University focuses on the knowledge and skills you'll need for accounting and financial positions in today's constantly changing business environment. Our program is designed to give you an in-depth understanding of selected areas of accounting and business. The program has other important features such as:

- ✓ Increasing your technical skills
- ✓ Improving your critical thinking skills
- ✓ Strengthening your communication and interpersonal skills

Advantages of Georgia Southern's Master of Accounting Program

- Provides maximum flexibility
 - In Savannah, classes are offered in five-week sessions on a rotating basis.
 - Less restrictions on electives.
- Provides maximum convenience
 - The entire program can be completed in Savannah at the Coastal Georgia Center.
 - In Savannah, classes are offered during the evening hours.
 - Live professors (no more distance learning classes).
- Can be completed in as little as one year
 - Our 30-semester hour MAcc program can be completed in three semesters.
- Meets Georgia's 150-hour requirement
 - To be licensed as a CPA in the State of Georgia, you must have completed 150 semester hours of education, including a baccalaureate degree in accounting. One way to meet these requirements is to earn a master's degree in accounting from an AACSB-accredited program like ours.
- Prepares students for the CPA Exam
 - Students complete the BISK CPA Exam Review course as part of the MAcc program virtually ensuring their successful performance on the CPA Exam.

General admission requirements (subject to change) include:

Regular Admission: A student with a standard formula score of 1000 or higher or with an upper-level score of 1050 or higher. (See standard formula below.)

Provisional Admission: A student with a standard formula score equal to or greater than 950 and less than 1000 will be admitted as a Provisional MBA student provided the undergraduate GPA is 2.80 or higher, or the GMAT score is a 470 or higher. (See standard formula below.)

Non-Degree Limited: A student who has not taken the GMAT may be admitted under this classification provided that the overall undergraduate GPA is 3.25 or higher, or the upper-level GPA (last 60 semester hours) is 3.50 or higher. Once admitted under this classification, an acceptable GMAT score must be submitted by the completion of the third graduate level course.

Standard formula score is calculated by multiplying the undergraduate GPA times 200 plus the GMAT score, $[(UGPA \times 200) + GMAT \Rightarrow 1000]$. Upper level formula is $[(Last\ 60\ semester\ hours\ UGPA \times 200) + GMAT \Rightarrow 1050]$.

The original campus at "Sweetheart Circle."

Georgia Southern was founded in 1906.
